FCC NTX Update – Intro and Training Webinars

All:

There is still a month left to register for the Future City Competition – tell your colleagues and encourage them to join us in this adventure. We currently have 50+ schools and organizations signed up with is more than enough to qualify the region to send our winner to the National Finals in February.

Also, we are continuing the FUTURE CITY JUNIOR program for 4-5th grades. Please help us spread the word about this program. Encourage your feeder schools to sign up – and you can reap the benefits in the next few years. See [www.dfwfuturecity.org/team\\_junior.html](http://www.dfwfuturecity.org/team_junior.html) for details and to register.

I'd also like to INTRODUCE JILL FREER who will be helping with the school coordination. Please add her email (she is copied on this message) to your acceptable emails list. And, don't hesitate to contact her (or me) if you have any questions.
